## Differentiators

As a South Carolina-based business, CRANK can respond rapidly to the fluctuating needs of environmental projects falling within SC jurisdiction. We have strong ties to the University of SC and hold statewide contracts for Emergency Services & Asbestos, Lead & Mold Services. This allows us to sustain a workforce of qualified technicians and engineers.

We leverage the expertise of an extensive network of seasoned professionals who help achieve operational objectives when you need it, where you need it.

As a certified SCDOT & FDOT Disadvantaged Business Enterprise, Minority-owned Business, SBA-certified & NC HUBZone, WOSB & EDWOSB enterprise, CRANK serves as a critical and trusted partner to government buyers, state & federal contractors, providing innovative, customized solutions to ensure that missions are fulfilled on time, on budget, and in a safe manner.
